

UtilityTool™

Power Transmission & Distribution
Ripley manufactures Utility Tool™ cable preparation tools to splice and terminate cable for the transmission and distribution industry, as well as for electrical construction and maintenance. All tools are designed and manufactured to meet specific cable application needs, including accurate removal of insulation, semi-conductive sheathing, protective jacketing and other materials to produce consistent, uniform preparation of cable ends for splicing and termination.

Adjustable End and Mid-Span Strippers

- For end (WS 71) and mid-span stripping (WS 72) of 600V secondary cable.
- Cable diameter range of .5 to 1.3 inch (12.7 to 33 mm).
- Conductor size range 1/0 to 1000 MCM (50 mm² to 500 mm²).
- Preset blade position for 45, 60, 80, 95 and 110 mil insulation thickness.
- Quick release adjustment simplifies sizing on cable.
- Impact resistant, bright color, lightweight, non-conductive, polymer material.
- Part No.: 42120 (End Stripping).
- Part No.: 42130 (Mid-Span Stripping).
- Dimensions: 5x4x2.5 in (127 x 102 x 64 mm).
- Weight: 9.3 oz (263 g).
