

A range of specialist PVCu telecommunications ducting systems, manufactured in accordance with dimensions and performance requirements tried and tested by the telecommunications industry.

Applications

For the cable protection of cable television communications.

Key benefits

- Durable, high quality construction
- Low co-efficient of friction for easy cable installation
- A short 54mm branch on swept tees for trouble-free installation in congested footways
- PVCu telecommunication ducts include integral sockets and are available in green as standard. Grey and other colours are also available on request subject to minimum order quantities and lead times
