

CONDUCTOR, ROPE & EARTH WIRE GRIPS

PULLING PRODUCTS

Choose from a comprehensive range of cable and conductor pulling products, each designed and engineered to deliver reliable performance for the installation of cables or pipes through ducts, conduits and trenches. The cable grip adds little to the overall diameter of the cable and 'free passage' is normally available through sheave blocks and pipes.

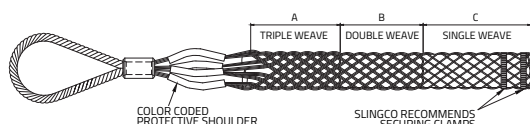

- Light-medium and heavy duty options
- Precise, hand-woven construction
- Ideal on 'new for old' cable installations
- Swivel links for reduced torque build-up
- Growing range of pulling accessories

The H, M and L type forms a range of conductor grips that are quick and easy to attach and remove, in sizes from 10mm to 38mm, with MBL up to 18,000kgs and WLL 6,000kgs. They are suitable for all common conductors, e.g. Horse, Lynx, Upas, Zebra and Araucaria plus earth wires OPGW. The flexible eye connects with Slingco line pulling swivels for trouble-free pulling applications. Made of galvanised steel.

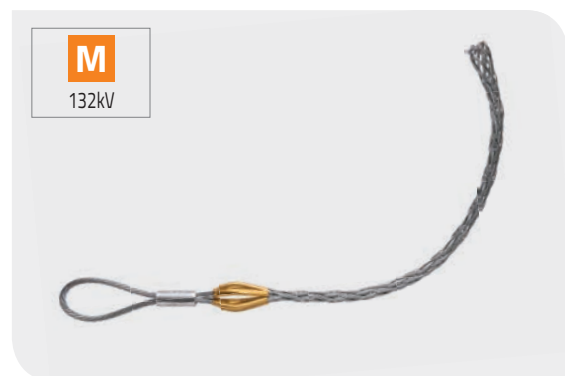

H TYPE - HEAVY DUTY PULLING GRIP

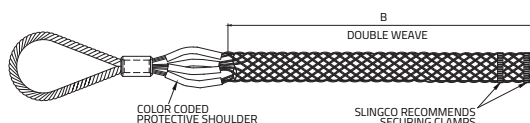

Slingco Part No	Colour Code	Range		Lattice Length		Min Break Load		WLL	
		in	mm	in	mm	lb	kg	lb	kg
