

MMtrough

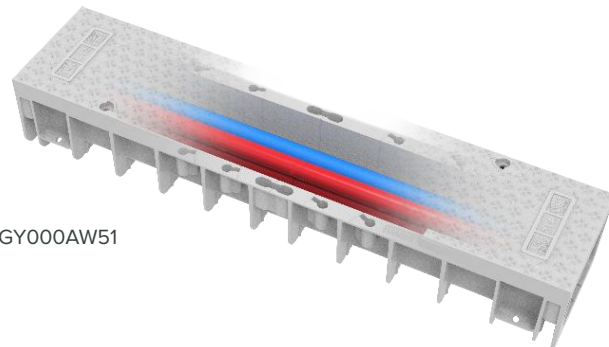

1000mm

Product Description

MMtrough is the innovative lightweight cable trough system when easily deployed and accessible cable management systems are required.

Product Details

Internal Width:	160mm	Connection Length:	1000mm
Internal Depth:	80mm	Weight:	9.47kg
External Length:	1000mm	Product Code:	SYDRSN-00MM0001-GY000AW51
External Width:	222mm		
External Depth:	164mm		

Material Properties

Tensile strength	35 Mpa
Flexural Strength	80 MPa
Flexural Modulus	12 GPa

Product Properties

	Test	Value
Impact test	NF EN 600068-2-75	20J
Flame test	NF EN 60695-11-20	Pass
Torsion	Joint torsion test	2.75kN
Side load	UDL flexural load	8kN
Compression	EN 124-1	A15

Installation

MMtrough offers a simple a peg connector and is suitable for a single person lift and install. Being lightweight and easy to deploy, results in considerable project time and cost savings.

Key Features

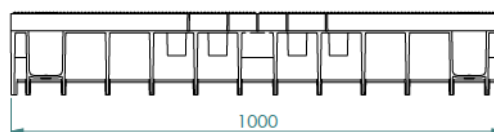

- Easy access
- Light weight
- Pre-marked cutting for 30° and 45°
