

CG-0-...R-28

Short insulating gloves 28 cm, class 0

Application:

- Short insulating gloves (28 cm) for a personal protection against an electric arc during operations under voltage or in the proximity.
- Wellfit finish: soft, supple, durable and ergonomic with high flexibility to ease the work.
- Rolled cuff for comfort and ease of donning and doffing.
- Convenient to any hand shape.
- Gloves without extra-mechanical protection; to be worn with leather over-gloves **CG-981** to ensure full mechanical protection.

Features:

- Electrical insulating gloves, class 0 (1 000 V AC, 1 500 V DC).
- Personal Protective Equipment category III.
- Traceability through flashcode on color-coded label. The color is according to the class.
