

## C-680 BULLDOG OVERHEAD LINE WINCH

The CBS 680 Bulldog winch has been designed to provide a compact, transportable unit for overhead line stringing work. The self-contained winch is powered by an 11hp petrol engine and the precise control required is provided by the hydraulic circuit.

Designed to tow behind even small vehicles, the Bulldog winch is lightweight and can be easily positioned by one man. Operational stability is provided by ground anchors on the tow bar, or by employing the towing vehicle as an anchor.

The C-680 Bulldog is a British Universal Winch designed to meet the needs of overhead line engineers. The various options permit use on aerial bundle (ABC), Copper, Aluminium and ACSR Conductors.

### SPECIFICATIONS

Output Torque	540Nm
Engine	11hp Petrol
Length	2150mm
Width	1150mm
Height	800mm
Weight	250kg

### ORDERING INFORMATION

C-680	Bulldog Overhead Winch
C-A1-680-27	Split Drum for retrieving conductor
C-821-02	700mm diameter drum fitted with 400m of 8mm Paraline Rope
