

MR5 Quadrant Lead In Manhole Entry Roller

The MR5 manhole cable roller leads the cable from the drum into the jointbox/manhole, onto cable trays or out of the manhole. The roller is suitable for cables up to 90mm diameter. This can also be used on its side as a corner roller

- Heavy duty tubular steel construction
- 4 off 90mm diameter aluminium rollers*
- Oil impregnated maintenance free bushes fitted
- Zinc plated finish
- Size: 50cm long x 15cm wide x 50cm high
- Weight: 10Kg

* The aluminium roller can be substituted with a solid steel roller (MR5S) when using wire winch bond thus preventing damage
