

BATTERY-POWERED HYDRAULIC CABLE CUTTER, BI-LINEAR, SUITABLE FOR COPPER AND ALUMINUM CABLES AND TELEPHONE CABLES WITH MAX Ø 40MM

Features

TECHNICAL INFORMATION

Range of operating temperature	-15 °C
Cutting diameter range	40 mm
Supply voltage	18 V
Pressure control system	max pressure valve
Mains power connection	type G
Depressurizing	manual
Head shape	Scissor
Power supply	Electrical motor (battery)

WEIGHT AND DIMENSIONS

Net weight in operation	3.55 kg
Dimensions	466x111x80 mm

LOGISTIC

Unit in minimal packaging	1 PCE
Unit in standard packaging	1 PCE

CLASSIFICATION AND DATA ORDERING

Customs code	84672920
--------------	----------

COMPATIBILITY

Supply configuration	CB1820L battery; ASC55-UK battery charger; USB cable; shoulder strap; VAL-M/X1 plastic case
----------------------	---
